This volume of studies seeks an anthropological view of medicine and the healing arts as they were situated within the lives of medieval people. Miracle cures and charms as well as drugs and surgery fall within the scope of the authors represented here, as does advice about diet and regimen. As well, the volume looks at wellness and illness in broad contexts, avoiding the tendency of modern medicine to focus on the isolation and definition of pathological states.

Who is afraid of case literature? In an influential article ("Thinking in Cases", 1996), John Forrester made a case for studying case literature more seriously, exemplifying his points, mostly, with casuistic traditions of law. Unlike in modern literatures, case collections make up a significant portion of ancient literary traditions, such as Mesopotamian, Greek, and Chinese, mostly in medical and forensic contexts. The genre of cases, however, has usually not been studied in its own right by modern scholars. Due to its pervasiveness, case literature lends itself to comparative studies to which this volume intends to make a contribution. While cases often present truly fascinating epistemic puzzles, in addition they offer aesthetically pleasing reading experiences, due to their narrative character. Therefore, the case, understood as a knowledge-transmitting narrative about particulars, allows for both epistemic and aesthetic approaches. This volume presents seven substantial studies of cases and case literature: Topics touched upon are ancient Greek medical, forensic, philosophical and mathematical cases, medical cases from imperial China, and 20th-century American medical case writing. The collection hopes to offer a pilot of what to do with and how to think about cases.

For the vigilant writer, driven publisher or game designer, Volume 3 of the Gygaxian Fantasy World series drives forward the gathering host of information brought to you by the Gygaxian Fantasy World series. From the encampments of common folk and wanderers to the teeming streets of walled towns, this work brings the fantastic world of magic to life. Game designers captain their own creations when they master knowledge of the high and low, the hamlets and towns, cities and castles and all that accompanies life in a world of our own imagining. More than that, Everyday Life breathes strength into the arms of your imaginings with pirates and palace life, eating and entertainment, villains and vagabonds, communications and commerce. Whatever is found in the daily "life" of a typical fantasy world is covered herein. Sound the note of world creation with Gary Gygax's Everyday Life.

A seminal text in literary theory available in English for the first time Legend, saga, myth, riddle, saying, case, memorable, fairy tale, joke: André Jolles understands each of these nine "simple forms" as the reflection in language of a distinct mode of human engagement with the world and thus as a basic structuring principle of literary narrative. Published in German in 1929 and long recognized as a classic of genre theory, Simple Forms is the first English translation of a significant precursor to structuralist and narratological approaches to literature. Like Vladimir Propp's Morphology of the Folktale, with which it is often compared, Jolles's work is not only foundational for the later development of genre theory but is of continuing relevance today. A major influence on literary genre studies since its publication, Simple Forms is finally available in English.

This second volume in the Gygaxian Fantasy Worlds series marshals a veritable host of information for the game designer. Unburdened with flavor text this tome is a collection of militantly organized definitions, lists, tables and charts with an army of information from the mundane to the extraordinary. The World Builder covers outdoor settings, indoor living settings, merchandise with a completely illustrated armor and weapons section and everyday facts from the government structure to the tensile strength of rope.

For the Vampire community, the Solstice Choosing has been the holiest night of the year - for a hundred thousand years. But this year, something new is about to happen. The oldest prophecies are about to be fulfilled - and the Festival of Blessings is finally upon us.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State--and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years--it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

In The Canting Crew, volume I of the Gygaxian Fantasy Worlds, Gygax explores the underworld of city life. Thieves, their guilds, organization, a complete dictionary of the language they speak, the signs they use, everything a player or DM may want or need to know about the underclasses, new weapons and more this book is a must have.

The first Worldwide Retail Market Study carried out by the Location Group examined the 65 most noteworthy international fashion capitals, together with Switzerland, Germany and Austria on 500 pages. As part of this study, 850 retailers, 600 High Streets and 450 shopping centres were put under the microscope. 53 newcomers to Zurich's Bahnhofstrasse were described in the 10-year report.
